No. **104** /HOPCB/ERC/2025

Bhopal, Dt: **23** /06/2025

To,

**The Occupier
All the CEMS Applicable Industries
(As per the enclosed list)
Madhya Pradesh State**

Sub : Caution Notice against Fraudsters and Fake CEMS Service Providers.

Ref. : This office letter no. 81/ERC/HOPCB, Bhopal dated 27.05.2025

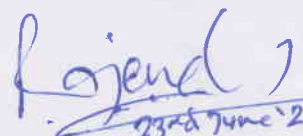

This is in context with the above referred letter issued to all the CEMS applicable industries. As per the directions issued by the MPPCB, the target industries and common treatment facilities have installed real-time monitoring (RTM) systems and established connectivity with MPPCB Central Server for transmission of RTM data under 'Self Monitoring of Compliance' scheme of GoI. A genuine certification of these systems is a pre-requisite.

The MPPCB has come to know that some unscrupulous and fraudulent companies/firms with false accreditation are posing themselves as manufacturer and supplier of instruments as per the Central Pollution Control Board (CPCB) guidelines and they are approaching the industries offering them services to fulfil their legal obligations. Few deceptive agencies/vendors are reported to have even claimed them as authorized entity of MPPCB. Few agencies are reported to have wrongly projected them as recognized or empanelled entity with CPCB, national accreditation agency and US certification agency.

In view of the above serious context it is reiterated that the MPPCB, CPCB, NPL or NABCB have not authorized any individual or any agency for issuance of certificate for monitoring device and its performance, QAL-1 or QAL-2, specially for continuous emission monitoring systems (CEMS) installed by the industries for emission monitoring.

The Govt. of India has designated only CSIR-National Physical Laboratory (NPL) as national verification agency for certifying instruments and equipments for the monitoring of emission and ambient air.

The MPPCB intends to caution the industries not to fall prey to such forged companies/service providers or to any fraudulent activities. Should anyone come across any **unfair or fraudulent activities**, report us immediately to take appropriate action against them, including black-listing and barring their commercial activities in Madhya Pradesh State in the larger interest of environment and the country as a whole.

(Dr. Rajendra Chaturvedi)
Scientist & I/c ESC
